

NCTSN

The National Child
Traumatic Stress Network

Back to School Resources

for School Personnel

Sponsored by the NCTSN Schools Committee

As the school year begins, we would like to offer all school personnel (including educators, administrators, counselors and support staff) the opportunity to use our many resources for schools!

Our resources were created to highlight issues related to trauma, to explain how trauma can affect children and adolescents, and to help schools support students and families who have been impacted by trauma. The materials range from basic informational fact sheets to webinars describing interventions for trauma in schools. They cover a variety of trauma types, are applicable for youth from the preschool to high school years, and many are available in both English and Spanish.

Our resources are easily accessible at the [NCTSN website](http://www.NCTSN.org) and the [NCTSN Learning Center for Child and Adolescent Trauma](http://www.NCTSN.org)

These resources are free and can be downloaded at any time!

Printed Materials are available for download at www.nctsn.org
